Studying Computer Science (BSc
degree) at the University of Lincoln.

Key Skills

Leadership
Communication Skills
Adaptability

Objective

Friendly and hardworking student seeking to gain work experience. Very much willing to adapt to change, relish challenges and learn. Looking to further progress myself as a person and be an effective member of a workforce.

Experience

2015-2016

Cub's Young leader volunteer • Scouts

2016-2017

Orders Administrator • Direct Selling

Responsible for processing hundreds of orders every day. Handling complaints from customers and issuing refunds.

2019 – 2019 (1 Week)

Work Experience • Shadow • The Multiplayer Guys

Shadowing software developers that specialized in multiplayer implementation.

Communication

Excellent listening, written and communication skills. Being honest, reliable, and understanding are some of my key attributes as a person.

Work well in a team environment and co-operate with others.

Leadership

Led a group project for National Citizenship Service to raise money for charity. Feel confident in taking the lead when necessary and take on important responsibilities. Took responsibility for a group project in a team software engineering module at university.
